

Making makers

These are 50 tools you might like to get familiar with before the age of 12. * Yay!

In our digital world maker skills are more important than ever. Becoming a maker unleashes creative power and boosts self-confidence. Let's make all children makers! You can start by getting to know these 50 tools. Together! Because as a parent or caregiver you know your children best and can judge what is safe and what is not. That's your responsibility ;) Have fun!
